„ exceeding 1 oz. but not exceeding 2 oz.				1½d
„ „ 2 oz.	„	„	4 oz.	2d

A letter exceeding the weight of 12 oz. is liable to a postage of 1d for every ounce, beginning with the first ounce. A letter, for example, weighing between 14 and 15 ounces must be prepaid fifteen-pence.

A letter posted unpaid is chargeable on delivery with double postage, and a letter posted insufficiently prepaid is chargeable with double the deficiency. On re-directed letters the charge for re-direction is the same whether prepaid or collected on delivery.

No letter may exceed the dimensions of one foot six inches in length, nine inches in width, and six inches in depth.

Addresses to the Queen and Petitions to Parliament.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the sides. No letter, or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

NEWSPAPERS.

(I.) *Inland.*

By the “Post Office Act, 1870,” the use of the Inland Revenue impressed stamp denoting the stamp duty, under which Newspapers and other periodicals had been previously transmissible by post within the United Kingdom, was abolished, and a postage of one halfpenny was fixed for each transmission of any Newspaper coming within the definition laid down in the Act.

Inland Newspapers are subject to the following regulations :—

- 1st. To have the privilege of passing as a Newspaper, the publication must first have been accepted as a Newspaper by the

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkneys, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

Postmaster-General, and have been placed on a Register at the General Post Office; ‡ from which it is liable to be removed, either through the non-renewal of the registration year by year, or in consequence of any change which may deprive it of the characteristics of a Newspaper.

Registration for inland circulation includes registration for transmission abroad.

- 2nd. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.
- 3rd. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to "Tables of Contents" and "Indices."
- 4th. A supplement must be unstitched, must in every case be published with the Newspaper, and must have the title and date of publication of the Newspaper printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of sheet or side.
- 5th. For each Newspaper, whether posted singly or in a packet, the postage, when prepaid, is one half-penny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one half-penny for every 2 oz. or fraction of 2 oz.
- 6th. A Newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid, book packet of the same weight.
- 7th. The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.
- 8th. No newspaper can be sent through the post a second time for the original postage. For each transmission a fresh postage must be prepaid, except that in the case of re-direction the amount chargeable may be collected on delivery.
- 9th. Every newspaper or packet of newspapers must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination. If this rule be infringed, the newspaper or packet will be treated as a letter.
- 10th. Every newspaper must be so folded as to admit of the title being readily inspected.
- 11th. A newspaper, whether posted singly or in a packet, which contains any enclosure except the supplement or supplements belonging to it, will be charged as a letter; unless the enclosure be such as might be sent at the Book Rate of Postage,

‡ The conditions of admission to the Register may be ascertained on application to the secretary of the Post Office.

and the entire packet be sufficiently prepaid as a book packet, in which case it may be allowed to pass.

- 12th. A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, will be charged as an unpaid or insufficiently paid letter.
- 13th. No packet of newspapers must exceed 14 lbs. in weight, nor may it exceed two feet in length or one foot in width or depth.

III.—POSTAGE STAMPS.

Every Head Postmaster is required to keep, for sale to the public, a sufficient stock of Halfpenny Post Cards, of the various postage labels in use, and of envelopes with the penny stamp embossed. The labels are of the respective values of $\frac{1}{2}$ d, 1d, $1\frac{1}{2}$ d, 2d, 3d, 4d, 6d, 9d, 10d, 1s, 2s, and 5s. Sub-Postmasters are required to keep halfpenny and penny labels, and halfpenny Post Cards only: but they can procure any stamps of other values, or embossed envelopes, which may be required. The envelopes are made of four sizes, viz., $4\frac{3}{4}$ ins. by 3 11-16th ins. (square shape), $5\frac{1}{4}$ ins. by $3\frac{3}{8}$ ins., $5\frac{1}{4}$ ins. by 3 ins., and $4\frac{3}{4}$ ins. by $2\frac{3}{4}$ ins. The square shape is sold at the following prices:—£1 2s 6d per 240, 1 for $1\frac{1}{4}$ d, 3 for $3\frac{1}{4}$ d, 4 for $4\frac{1}{2}$ d, and 24 for 2s 3d. Other sizes at 2s 2d per packet of 24.

Stamped Newspaper Wrappers, bearing an impressed halfpenny stamp, are not sold in smaller numbers than 12, or multiples of 12. The two smaller sized wrappers are discontinued, the issue being limited to the larger sized wrappers of the dimensions 12 ins. by 5 ins. The price for 12 wrappers is $6\frac{1}{2}$ d; 480 for £1 1s 8d.

PARLIAMENTARY PROCEEDINGS.

Printed Votes or Proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of one halfpenny for 2 oz. or fraction of that weight.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet, otherwise it will be treated as an ordinary Book Packet.

Prepayment, when the circulation is within the United Kingdom, is optional: and if it be made in part, the simple difference only will be charged.

Parliamentary proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

BOOK POST.—(1.) *Inland.*

A Book-Packet may contain not only books, paper, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter or communication of the nature of a letter), Photographs, when not on glass or in frames containing glass or any like substance, and anything usually appertaining to such articles in the way of bind-

ing and mounting necessary for their safe transmission by post, but also *Circulars*,—i.e., letters which appear from internal evidence to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved or lithographed.

1st. The postage is one halfpenny for every two ozs. or fraction of that weight.

2nd. The postage must be prepaid either by adhesive stamps or by means of a stamped wrapper, or by a combination of the two; except at the Chief and District Post Offices and the Branch Offices at Lombard Street and Charing Cross in London, and at the Chief Offices in Edinburgh and in Dublin, where, from 10 a.m. to 4 p.m., it may be prepaid in money, provided the postage amount to not less than £1 in any one case, and provided the packets are posted, in bundles, each representing a postage of 5s.

3rd. A packet posted wholly unpaid will be charged with double the book postage; and if posted partially prepaid, with double the deficiency.

4th. Every book-packet must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of the contents being easily withdrawn for examination, * otherwise it will be treated as a letter.

5th. A book-packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), not being a circular letter or not wholly printed, nor any enclosure sealed or in any way closed against inspection, nor any other enclosure not allowed by section 9. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.) If this rule be infringed the entire packet will be charged as a letter.†

6th. No book packet may exceed 5 lbs. in weight, or one foot six inches in length, nine inches in width, and six inches in depth.

Post Cards, which bear a halfpenny impressed stamp, are available for transmission between places in the United Kingdom only.

1st. The front or stamped side is intended for the address only.

There must be nothing else written, printed or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reserve side any communication, whether of the nature of a letter or otherwise, may be written or printed; but such communi-

* In order to secure the return of book packets which cannot be delivered, the names and addresses of the senders should be printed or written outside thus, "From —, of —."

† It is the duty of the Postmaster, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine book-packets posted at, or passing through their office.

cation must not extend to the front side. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any of these rules be infringed, the Card will be charged 1d on delivery.

2nd. No Card other than one of those issued by the Government will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

General Regulations.

When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets and post cards may be kept back until the next despatch or delivery.

It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book or card or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Any thing posted contrary to this prohibition will be stopped and sent to the Returned Letter Office, London.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders, or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

Every Post Office Savings Bank, which is also a Money Order Office, is open for bank business during the same hours as for Money Orders.

Deposits of One Shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Bank, provided that such depositor shall not make deposits amounting to more than £30 in any year ending the 31st December, or make any further deposit when the amount standing in his name exceeds £150, exclusive of interest. When any depositor's principal and interest amount together to £200 all interest will cease so long as the balance of the account continues to amount to the said sum of £200.

On making his first deposit, every person must give his Christian name and surname, and state his occupation and residence, and must sign a declaration, to be witnessed by the Postmaster or by some person known to the Postmaster or by the Minister or a Churchwarden of the parish in which the depositor dwells, or by a Justice of the Peace; and if such declaration or any part thereof shall not be true, the Depositor making the same shall forfeit all right to his deposits.

GLASGOW COFFEE ROASTING WORKS

AND GENERAL GRINDING MILLS,

GRÆME STREET, GLASGOW.

DAVID MINTO

DESIRES to intimate that he has now erected those new and extensive Premises, upon the old site of ground, Macpherson Street, with a frontage to that street recently formed, called Græme Street, and has fitted up additional new Mills and Machines of different kinds, with every improvement, in order to facilitate the operations of his trade in its various branches. And while it has been his constant aim to supply the wants of his Customers with all speed and convenience, he has much pleasure in stating that he is now in a better position than ever to meet the demands of Grocers, Confectioners, Biscuit Manufacturers, Druggists, Dyers, Drysalter, etc., with all the appliances which his new Machinery can afford.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder.

In the double rotatory globular method of roasting as practised at Mr MINTO'S WORKS, Græme Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam power to this branch) revolves in a medium of heated air, which experience has shown best prevents the dispersion of the essential oil or aroma.
